

## Hiring

### Tenure-track Assistant Professor in Statistics, Biostatistics, or a related area

The Department of Mathematical Sciences at Binghamton University invites applications for a tenure-track position in statistics, biostatistics, or a related area at the rank of assistant professor beginning Fall 2016.

The successful candidate must have a strong record of research and teaching and should be capable of scholarly interaction with the members of the department's statistics group.

This position is affiliated with Binghamton University's Transdisciplinary Area of Excellence (TAE) in the Health Sciences. Thus, prioritization of candidates will be based in part on the fit of their research program with the research vision outlined in the Health Sciences TAE (see <http://www.binghamton.edu/tae/health-sciences/index.html> for more information). As such, in addition to the members of the Department of Mathematical Sciences, the search committee will include members of the HSTAE.

Applicants must apply electronically at <http://www.mathjobs.org> and should include at least three letters on research and one on teaching. Applications received before November 9, 2015 are guaranteed full consideration, but applications will be considered until the position is filled.

Binghamton University is an equal opportunity/affirmative action employer.

### Tenure-track Assistant Professor in Probability

The Department of Mathematical Sciences at Binghamton University invites applications for a tenure-track assistant professorship in probability beginning Fall 2016.

The successful candidate must have a strong record of research and teaching appropriate for a PhD granting department.

The department has a strong presence in diverse areas of mathematics, including research groups in statistics and analysis. There is also a very successful actuarial program. For more information on the department visit its website at <http://www2.math.binghamton.edu/p>.

Applicants must apply electronically at <http://www.mathjobs.org> and should include at least three letters on research and one on teaching. Applications received by **November 30, 2015** are guaranteed full consideration. The position will remain open until filled.

Binghamton University is an equal opportunity/affirmative action employer.
