

Assistant/Associate Professor in Statistics

The Department of Mathematical Sciences at DePaul University invites applications for a tenure track position in statistics at the Assistant or Associate Professor level beginning September 2015, contingent upon available budgetary resources.

DePaul is one of the nation's ten largest private universities, and the only one whose faculty priority is teaching. In addition to offering a broad array of mathematics and statistics courses at the undergraduate level, the department offers graduate programs leading to Masters Degrees in Applied Statistics and Applied Mathematics with concentrations in Actuarial Science or in Statistics.

For the assistant level, the department seeks candidates actively engaged in research and strongly committed to teaching. The candidate is expected to have a Ph.D. degree in statistics or a closely related field. Candidates with background and interest in applied statistics or biostatistics are especially encouraged to apply.

For the associate level, in addition to the above requirements, the candidate is expected to have exemplary qualifications in research and teaching and background in administration and leadership.

Applications must be submitted electronically to mathjobs.org and should include a curriculum vita, transcripts, a letter describing the applicant's teaching and research interests, and three letters of recommendation, at least one of which addresses the applicant's teaching effectiveness. Applicants are also encouraged to supply additional information such as formal teaching evaluation summaries. In addition to applying through MathJobs.org, applicants must also electronically submit a cover letter and curriculum vitae vita to:

facultyopportunities.depaul.edu/applicants/Central?quickFind=51153

Review of applications will begin Jan 2, 2015 and continue until the position has been filled.

As an Equal Employment Opportunity (EEO) employer, DePaul University provides job opportunities to qualified individuals without regard to race, color, ethnicity, religion, sex, sexual orientation, national origin, age, marital status, physical or mental disability, parental status, housing status, source of income or military status, in accordance with applicable federal, state and local EEO laws.
