

Tenure-Track Assistant or Associate Professor

Department of Statistics & Biostatistics
Center for Integrative Proteomics Research
Rutgers University-New Brunswick, School of Arts & Sciences

The Department of Statistics and Biostatistics and the Center for Integrative Proteomics Research at Rutgers University seek to hire an outstanding tenure-track assistant or associate professor with strong research and teaching interests in statistical analyses of biological and biomedical information. Applicants must have a Ph.D. in statistics or a related field by September 1, 2016. Postdoctoral experience preferred, but not required. Responsibilities of the position include: teaching and academic advising of both undergraduate and graduate students in statistics, biostatistics or proteomics, and conducting original research. Pursuit of external research funding is expected.

The Department and the Proteomics Center have strong ties. Together they will provide access to a broad array of excellent research facilities and a competitive start-up package. The tenure track is within the Department of Statistics and Biostatistics.

The Center is a newly built 75,000-square-foot facility dedicated to fostering interdisciplinary research in the biological and biomedical sciences using complementary quantitative tools of measurement and analysis. The Center is the home of the RCSB Protein Data Bank and the Institute for Quantitative Biomedicine at Rutgers. More information about our programs can be found in websites: www.stat.rutgers.edu; www.proteomics.rutgers.edu; iqb.rutgers.edu.

Interested individuals should apply online through the Rutgers Interfolio website link (<http://apply.interfolio.com/31548>) by providing a curriculum vitae, a research summary and a teaching statement, and arranging for submission of at least three confidential letters of reference.

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity or expression, national origin, disability, protected veteran status or any other classification protected by law.
