

**Position Announcement**  
Assistant or Associate Professor  
Department of Public Health Sciences, Division of Biostatistics

The University of California, Davis, School of Medicine, Department of Public Health Sciences is seeking to fill one or more faculty positions at the Assistant or Associate Professor level, 50% FTE and 50% In Residence. One of the positions will be a joint appointment with the Department of Surgery.

As an Assistant/Associate Professor, the appointee chosen for this position will be responsible for collaborative research, independent research, teaching, and mentoring. Applicants must possess a doctoral degree in biostatistics or statistics and have experience in teaching statistics to non-specialist audiences. An established record of collaborative and independent methodological research is required, including recent peer-reviewed publications; demonstrated experience with the design, analysis, and reporting of epidemiologic and/or medical studies; and experience in obtaining grant funding. The fields of specialization are open, but **particular consideration will be given to candidates with experience and/or interests in collaborative biomedical research**, and with focus in one or more of the following areas:

- Health services research/clinical epidemiology/outcomes research/comparative effectiveness research
- “Big data” statistics: omics and/or administrative data
- Environmental statistics
- Clinical trials

Candidates with experience in other areas of research including cancer and imaging research will also be considered. Preference will be given to candidates with strong written and verbal communication abilities. Candidates must have the ability to work cooperatively and collegially within a diverse environment.

The Department of Public Health Sciences is a major research and teaching Department in the School of Medicine, with 31 full-time faculty members. In addition to epidemiologic research within the Department, Department faculty have active collaboration with many faculty in other departments and centers. Areas of active research in the Department include occupational/environmental health, cancer, reproductive and women’s health, aging, nutrition, infectious and pulmonary disease and injuries/accidents.

The Department of Surgery at the University of California Davis Health System encompasses a wide variety of surgical specialties. These include bariatric surgery, burn surgery, cardiothoracic surgery, gastrointestinal surgery, pediatric surgery, plastic surgery, transplant surgery, trauma, acute care and surgical critical care surgery, vascular surgery, and oncologic surgery. In all of our surgical divisions, we conduct medical research in laboratory and clinical settings, including basic science, clinical trials, health services research and translational science studies. In addition we collaborate with other divisions, departments and institutions in the UC Davis Health System and beyond to develop novel ideas in research which impact patient outcomes, teaching, and clinical care.

Application Procedure and Deadline:

Applications will be accepted until the position is filled through **March 1, 2016**. However, for full consideration, please go to <https://recruit.ucdavis.edu/apply/JPF00636> to submit your cover letter, CV, statement of research, and names of three references by **November 1, 2015**. If you have any questions please contact Mrs. Mary Meyerzon by email ([mkmeyerzon@ucdavis.edu](mailto:mkmeyerzon@ucdavis.edu)) or phone (530-752-3627).
