

ASSISTANT PROFESSOR POSITIONS
DEPARTMENT OF STATISTICS
UNIVERSITY OF WISCONSIN, MADISON

The Department of Statistics at the University of Wisconsin-Madison is seeking to fill two tenure-track Assistant Professor position starting August 2015. A Ph.D. degree in Statistics or a closely related quantitative field is required prior to start of appointment. Qualified candidates with diverse backgrounds and interests are welcome to apply. Successful candidates should have demonstrated potential for excellence in research and teaching, and will be expected to carry out independent research, mentor graduate students, and teach and develop undergraduate and graduate courses in statistics.

The Department has 22 regular faculty members and 125 graduate students. The Department is well known for its strong interplay between statistical theory, methodology, and practice, providing a stimulating research environment as well as a wide range of opportunities for collaboration with researchers across the University of Wisconsin-Madison campus. The Department has an extensive computing facility, and is connected through the Center for High Throughput Computing with the Open Science Grid for large-scale distributed computing.

The University of Wisconsin-Madison ranks among the top universities in the country in research expenditures and provides excellent support for faculty seeking external funding. Internal research support is available from funds provided by the Wisconsin Alumni Research Foundation. Madison is a pleasant medium-sized city (about 250,000 population) located in the lake region of southern Wisconsin. It is the state capital with a large base for educational research and government activities as well as university-industry interaction. The university and community offer outstanding intellectual, cultural and recreational activities. Madison's quality of life always ranks very high among cities of comparable size as a place to work and live in.

Applications received by December 1, 2014 will be given full consideration, and should include a letter of interest, a detailed resume, copies of transcripts, research and teaching statements, and/or copies of research papers, and at least three letters of reference. Please reference PVL# 80894 with your application. All application materials should be sent electronically to stat-hiring@stat.wisc.edu.

AA/EOE. Women and minorities are encouraged to apply. Unless confidentiality is requested in writing, information regarding the applicants must be released upon request. Finalists cannot be guaranteed confidentiality. A criminal background check will be required prior to employment.
