Assistant Professor, Statistics

The Mathematics and Statistics Department at the University of Nevada at Reno invites applications for a tenure-track position at the rank of Assistant Professor. The position begins in July of 2015. Salary, start-up, and fringe benefit packages are highly competitive.

Applicants must have a PhD degree in statistics, biostatistics, or related fields by the time of appointment. Successful candidates will demonstrate a strong potential for excellence in research and teaching at both the graduate and undergraduate levels. Duties of this appointment include research, undergraduate and graduate teaching in statistics, undergraduate teaching in mathematics, and service to the Department. The position is intended to support the upcoming PhD program and to contribute to the teaching of core mathematics. All areas of statistics are considered. Preference will be given to applicants who show potential for successful collaboration within and across the Department and College boundaries.

Review of candidates for the position will commence on Dec. 1, 2014 and will continue until the position is filled. All applications submitted before January 15, 2015 will be given full consideration.

Interested candidates should apply online at https://www.unrsearch.com/postings/16507. Application package includes: cover letter, curriculum vita; statement of current and future research interests; and statement of teaching philosophy.

To be fully considered: Applicants are required to send three letters of reference (at least one letter must address teaching experience or potential) to Dr. Ilia Zaliapin, Statistics Search Chair. Address letters to:

Dr. Ilia Zaliapin Statistics Search Chair Department of Mathematics and Statistics, MS0084 University of Nevada, Reno 1664 N. Virginia Street Reno, NV 89557

Further information about the Department and the faculty research interests can be obtained at http://www.unr.edu/math

The University of Nevada, Reno has a growing and increasingly diverse student enrollment of approximately 19,000 including over 2,800 graduate students. The university has been recognized as a Tier I institution by US News and World Report. Located in the picturesque base of the Sierra Nevada, the University is 45 minute drive from Lake Tahoe and four hours from San Francisco and the Napa-Sonoma wine country. The Pacific Crest Trail is nearby for hiking and biking, while fantastic ski areas abound. The city offers an excellent living environment, due to its mountains, short commutes, growing arts community, increasing international flavor, and strong academic ties through the presence of Nevada's oldest University

The University of Nevada, Reno is committed to Equal Employment Opportunity/Affirmative Action in recruitment of its students and employees and does not discriminate on the basis of race, color, religion, sex, age, creed, national origin, veteran status, physical or mental disability, and sexual orientation. The University of Nevada employs only United States citizens and aliens lawfully authorized to work in the United States. Women, under-represented groups, individuals with disabilities, and veterans are encouraged to apply.
