Department of Statistics Computing: An Introduction

James Stricherz

Florida State University

August 21, 2023

Stat accounts

- The department no longer provides email services

Stat accounts

- The department no longer provides email services
- You have **NOT** been assigned a stat.fsu.edu account, see me if you want one

Stat accounts

- The department no longer provides email services
- You have **NOT** been assigned a stat.fsu.edu account, see me if you want one
- Our new server has general access to 2 NVidia A6000 GPU cards

Stat accounts

- Sanctioned 3rd party websites should send you back to the FSU CAS page
- Naughty people want your password
- Do not open unexpected attachments
- or attachments from unknown parties

Noteworthy Items

- Comply with all relevant laws and the FSU Acceptable Use Policy

Noteworthy Items

- Comply with all relevant laws and the FSU Acceptable Use Policy
- Software installation
  - respect copyright and license restrictions
  - do not expose us to legal consequences

The Statistics Cluster at the RCC

- 389 HPC normalized compute units (NCU)

The Statistics Cluster at the RCC

- 389 HPC normalized compute units (NCU)
- each NCU is a single core with 4 GB of memory

The Statistics Cluster at the RCC

- 389 HPC normalized compute units (NCU)
- each NCU is a single core with 4 GB of memory
- each nodes has 4 GB of memory

The Statistics Cluster at the RCC

- 389 HPC normalized compute units (NCU)
- each NCU is a single core with 4 GB of memory
- each nodes has 4 GB of memory
- 2 TB total disk space, 135 GB of personal space

The Statistics Cluster at the RCC

- 389 HPC normalized compute units (NCU)
- each NCU is a single core with 4 GB of memory
- each nodes has 4 GB of memory
- 2 TB total disk space, 135 GB of personal space
- Linked-in learning has video courses related to the bash shell

The Statistics SAS lab

- 26 machines in OSB 204

The Statistics SAS lab

- 26 machines in OSB 204
- SAS 9.4 installed

The Statistics SAS lab

- 26 machines in OSB 204
- SAS 9.4 installed
- 16 GB memory, 512 GB of storage

The Statistics SAS lab

- 26 machines in OSB 204
- SAS 9.4 installed
- 16 GB memory, 512 GB of storage
- Ryzen 7 Pro 5750GE CPU at 3.2 GH

Software

- MATLAB

Software

- MATLAB
- MINITAB 17

Software

- MATLAB
- MINITAB 17
- JMP 17

Software

- MATLAB
- MINITAB 17
- JMP 17
- SAS

Software

- MATLAB
- MINITAB 17
- JMP 17
- SAS
  - On Demand for Academics

Software

- MATLAB
- MINITAB 17
- JMP 17
- SAS
  - ▸ On Demand for Academics
  - ▸ SAS 9.4 (Windows only)

Software

- MATLAB
- MINITAB 17
- JMP 17
- SAS
  - On Demand for Academics
  - SAS 9.4 (Windows only)
- myFSUVLab allows for access to specialty software thru a web browser

Printers

- this is always a work in progress
- several network printers are available

Printers

- this is always a work in progress
- several network printers are available
- access from the wireless network is hit and miss

Printers

- this is always a work in progress
- several network printers are available
- access from the wireless network is hit and miss
- see me for help, or just use thumb drives

Printers

- this is always a work in progress
- several network printers are available
- access from the wireless network is hit and miss
- see me for help, or just use thumb drives
- try to restrict yourself to printing school related items

Printers

- this is always a work in progress
- several network printers are available
- access from the wireless network is hit and miss
- see me for help, or just use thumb drives
- try to restrict yourself to printing school related items
- submit a document to be printed only once, if it does not print sending it again is not going to help, or you get multiple copies

Printers

- this is always a work in progress
- several network printers are available
- access from the wireless network is hit and miss
- see me for help, or just use thumb drives
- try to restrict yourself to printing school related items
- submit a document to be printed only once, if it does not print sending it again is not going to help, or you get multiple copies
- pay attention to which printer you're trying to print on

Printer Locations

- OSB 440a

Printer Locations

- OSB 440a
